*This offer only good at Graniterock's Cupertino Design Center on the dates listed above. Must be redeemed at the counter. Only one offer may be used per purchase. Not valid on ready-mix concrete, asphalt, or special orders. Not good on pallet charges or delivery charges. Limited to supply on hand.

Graniterock has been supplying the finest high-quality building materials to the construction industry for over 109 years and now Graniterock is proud to announce the creation of a beautiful Design Center in Cupertino. You will see a fabulous display of the wonders that nature provides in stone and in settings that will set your dreams in motion.

The ageless elegance of natural stone will beautify and enhance backyards and outdoor living areas, water features, fireplaces and every room in your house.

Graniterock will put you in touch with professional tradespeople to install your materials and fulfill the vision for the home of your dreams.

The Design Center is available to homeowners, designers, architects and contractors. Visit us at the Graniterock Design Center in Cupertino at 1505 S. De Anza Blvd. or call 408.996.4500.
